

Support the PAGE Program

This email is to inform you of the Payment Assistance in Gas and Electric (PAGE) program. In 2018, there will be over \$8 million in PAGE funds available to help our fellow NJ residents who are struggling to keep up with their utility bills. You and your office can be instrumental in helping increase program awareness among your constituents and ultimately helping families in need. The PAGE application can be filed online, but we find many residents are concerned or do not have the skills to file online applications and are often looking for local assistance to do so. In other cases, families may approach your office looking for housing or food assistance. You can direct them to the utility assistance benefits for which they may be eligible thus allowing them to redirect their funds to other needs they may have. The PAGE program is uniquely designed to help working, moderate-income families so that they don't have to choose between food and utilities, both of which are basic life necessities. We find that such families often think they are over income for any programs such as these. A family of four making

up to \$110,000/year can still qualify for up to \$1400 per year in utility assistance.

To date, AHA has assisted over 30,000 households and distributed over \$25 million. We are very proud of our accomplishments and with your active support we feel that we can continue and even exceed our current level of grant distribution. With an informed and trained staff, your office can help clients apply for these programs. The support of your office can ensure that qualified NJ residents receive assistance with their gas and electric bill payments. We strongly encourage you to learn more about this valuable constituent resource.

For additional program information please visit www.njpoweron.org , or call Alberto Garrido at 732 200 1255 or email him at aha-usfliheapmgr@housingall.org

Regards,

Donna Blaze
